What do you do?

1. This publication outlines certification revisions that do not affect your currently certified product designs.
2. Please contact CSA technical staff if you have questions or need information concerning this publication and how it applies to you.
3. If you would like to arrange for an evaluation of new products to the revisions, initiate a certification project by contacting our Client Services Centre at 1-866-797-4272. Please supply appropriate supporting documentation*. If testing is needed, we will inform you of the samples required.

*which includes technical information, company name, address, factory locations and CSA file number or master contract number (if assigned), and any other relevant documentation.

Approvals:

New products can be certified to CAN/CSA-C22.2 No. 61010-2-040:07 or CAN/CSA-C22.2 No. 61010-2-040:16 until 1st of January 2020.

After 1st of January 2020, all new products and major revisions to existing products need to be evaluated to CAN/CSA-C22.2 No. 61010-2-040:16.

Equivalent UL standards and editions will apply for CSA approved products for the USA.

Existing approvals or minor revisions are not affected, and will remain valid.

Background and Rationale:

This standard is a Canadian harmonization of IEC 61010-040 2nd ed 2015.
