*which includes technical information, company name, address, factory locations and CSA file number or master contract number (if assigned), and any other relevant documentation.

Approvals:

On May 2, 2019 UL issued the 5th edition of UL 733 – Standard for Safety for Oil-Fired Air Heaters and Oil-fired Direct-fired Heaters. All updates and/or new applications shall be to this latest edition of the standard.

Background and Rationale:

The revisions contained in this latest edition of the standard are deemed editorial in nature and do not affect current approvals. They include:

- Clarification this standard is not intended for permanently installed heaters
- Minor change in the title of the standard
- Some definitions were removed
- Subtle change in clause 63 - Marking – Outdoor Use Equipment
