CERTIFICATION Informs

An Urgent Bulletin from CSA Group

Ref No: I18-076

Industrial Control Equipment No. 62 | **Existing Certification not affected**

Date: July 31, 2018 | **Apply any time to have your products evaluated**

Announcing: Publication of CSA C22.2 No. 178.3-17/UL 1008A, Second Edition, Transfer Switch Equipment, Over 1000 Volts

See Attachment 1 for affected Class Numbers.

To purchase the Standard, visit us at www.shop.csa.ca

Who is affected?

Manufacturers of transfer switch and medium voltage transfer switch equipment.

What do you do?

1. This publication outlines certification revisions that do not affect your currently certified product designs.
2. Please contact CSA technical staff if you have questions or need information concerning this publication and how it applies to you.

Introduction:

This announces publication of CSA C22.2 No. 178.3-17/UL 1008A, Second Edition, the standard for Transfer Switch Equipment, Over 1000 Volts.

Background and Rationale:

This announces the publication of the bi-national standard CSA C22.2 No. 178.3-17/UL 1008A, Second Edition, the standard for Transfer Switch Equipment, Over 1000 Volts as well as a new certification service for the same. See attachment 1 for new class numbers for this service as well as newly established class numbers for existing transfer switch equipment.

For questions specific to your file or products contact your CSA Group technical staff associate.
Go to http://www.csagroup.org/services/testing-and-certification/product-listing/ and enter your Master Contract # and the class numbers associated with this Informs to view your certified products.
