Announcing: Publication of CAN/CSA-C22.2 No. 60335-2-78:14 - Household and similar electrical appliances — Safety — Part 2-78: Particular requirements for outdoor barbecues

Class No: 2831 02, HEATERS - Cooking and Liquid - Portable Type
2831 52, HEATERS - Cooking and Liquid - Portable Type

To purchase the Standard, visit us at www.shop.csa.ca

Who is affected?
Manufacturers of outdoor electric barbecues.

What do you do?

1. CSA Group Service Delivery staff will contact you to address compliance with each revision as applicable to the product designs covered in your affected Certification Reports. In addition to updates to your Certificate(s) of Compliance & Report(s), testing may be required to comply with these revisions.

2. Please respond within thirty (30) days of receiving CSA Group’s “Application for CSA Certification Services” and “Quotation” communication. You must respond no later than March 1, 2018 in order to guarantee the update to your certification is completed by January 1, 2019. If testing is needed, we will inform you of the samples required.

Approvals:
All currently Certified outdoor electric barbecues, are required to comply with the requirements of CAN/CSA-C22.2 No. 60335-2-78:14 prior to the effective date. This includes outdoor electric barbecues that are Certified to CSA C22.2 No. 64 or CSA C22.2 No. 1335.2.9.

Major Revisions:
This is the first edition of CAN/CSA-C22.2 No. 60335-2-78:14 and therefore not a revision to an existing standard, but a change of standard for the subject appliances. Many requirements/tests that are existing as Canadian deviations are based on CSA C22.2 No. 64-10.

Background and Rationale:
See attachment 1

For technical questions on this Certification Notice
Contact David Briere
by phone 416.747.2591, fax 416.747.4149
or e-mail david.briere@csagroup.org

In the event your models do not comply with the effective standards, arrangements must be made to bring them into compliance.
In the event we do not receive a response as to your currently certified models, prior to the above applicable effective date(s), the certification of such models will be discontinued.
ATTACHMENT 1

Background and Rationale

CSA Standards in the 60335-series consist of one “Part 1” (60335-1) and several Part 2 Standards (E60335-2-XX or C22.2 No. 60335-2-XX). Each Part 2 is for a more specific product type and works in conjunction with Part 1 by accepting the content of the clause without change, or by adding to, amending or omitting it. The latest edition of the Part 1 is CAN/CSAC22.2 No. 60335-1-11, which was announced December 5, 2012 in CSA Informs Ref No: I12-107, Appliances No. 21.

CAN/CSA-C22.2 No. 60335-2-78:14 is an adoption with Canadian deviations of the identically titled IEC 60335-2-78 edition 2.1 (edition 2:2002 consolidated with amendment 1:2008). For outdoor barbecues, it replaces CAN/CSA-C22.2 No. 1335.2.9-93, Portable electrical motor-operated and heating appliances: Particular requirements for portable electric cooking appliances and CSA C22.2 No. 64, Household cooking and liquid-heating appliances. Appliances within the scope of CAN/CSA-C22.2 No. 60335-2-78:14 are considered to no longer be within the scope of CSA C22.2 No. 64.
