What do you do?

1. This publication outlines certification revisions that do not affect your currently certified product designs.
2. Please contact CSA technical staff if you have questions or need information concerning this publication and how it applies to you.
3. If you would like to arrange for an evaluation of new products to the revisions, initiate a certification project by contacting our Client Services Centre at 1-866-797-4272. Please supply appropriate supporting documentation*. If testing is needed, we will inform you of the samples required.
- 2.

*which includes technical information, company name, address, factory locations and CSA file number or master contract number (if assigned), and any other relevant documentation.

Approvals:

A revision published January 10, 2018 has been incorporated into UL 834 (5th Edition), Heating, Water Supply, and Power Boilers – Electric.

All new applications and updates to currently Certified product will be evaluated to the revised requirements detailed in the "Major Revisions" section below.

Major Revisions:

1. Sec. 34.2 was revised clarifying the ASME marking has been updated consisting of a "Certification Mark" and a "Designator" located under the "Certification Mark".

For questions specific to your file or products contact your CSA Group technical staff associate.

Go to <http://www.csagroup.org/services/testing-and-certification/product-listing/> and enter your Master Contract # and the class numbers associated with this Informs to view your certified products.
