To purchase the Standard, visit us at [store.csagroup.org](http://store.csagroup.org)

## Who is affected?

Manufacturers of fans and ventilators.

## What do you do?

1. This publication outlines certification revisions that do not affect your currently certified product designs.
2. Please contact CSA technical staff if you have questions or need information concerning this publication and how it applies to you.
3. If you would like to arrange for an evaluation of new products to the revisions, initiate a certification project by contacting our Client Services Centre at 1-866-797-4272. Please supply appropriate supporting documentation\*. If testing is needed, we will inform you of the samples required.

\*which includes technical information, company name, address, factory locations and CSA file number or master contract number (if assigned), and any other relevant documentation.

## Introduction:

CSA Standard C22.2 No. 113-18 supersedes the previous edition of the standard, C22.2 No. 113-15.

## Background and Rationale:

This Inform announces the publication of CSA C22.2 No.113-18, this new edition of the standard will cover only those products that are not within the scope of CAN/CSA-C22.2 No. 60335-2-80 and CAN/CSA E60335-2-31.

## Major Revisions:

The major changes to this edition include the removal of the requirements for ceiling fans, desk or table fans, hassock fans, suitcase or "box" fans, pedestal fans, agricultural fans, partition fans, duct fans, and range hood covered now by CAN/CSA-C22.2 No. 60335-2-80 and CAN/CSA E60335-2-31. Effective dates for the move from C22.2 No. 113 to these standards will be announced in separate Notices.

For questions specific to your file or products contact your CSA Group technical staff associate.

Go to <https://www.csagroup.org/testing-certification/product-listing/> and enter your Master Contract # and the class numbers associated with this Informs to view your certified products.
