Manufacturers of low voltage fuses.

What do you do?

1. This publication outlines certification revisions that do not affect your currently certified product designs.
2. Please contact CSA technical staff if you have questions or need information concerning this publication and how it applies to you.
3. If you would like to arrange for an evaluation of new products to the revisions, initiate a certification project by contacting our Client Services Centre at 1-866-797-4272. Please supply appropriate supporting documentation*. If testing is needed, we will inform you of the samples required.

*which includes technical information, company name, address, factory locations and CSA file number or master contract number (if assigned), and any other relevant documentation.

Introduction:

This Informs announces the publication of the third edition of the CSA C22.2 No 248.15-18/UL 248-15/NMX-J-009/248/15-ANCE Low-voltage fuses – Part 15 – Class T Fuses. This edition of the Standard has become effective on March 9, 2018 and supersedes the previous edition.

The changes in the CSA C22.2 No 248.15-18/UL 248-15/NMX-J-009/248/15-ANCE Low-voltage fuses – Part 15 – Class T Fuses, do not affect products currently certified to the Standard.

Major Revisions:

Editorial changes only.

For questions specific to your file or products contact your CSA Group technical staff associate.

Go to <https://www.csagroup.org/testing-certification/product-listing/> and enter your Master Contract # and the class numbers associated with this Informs to view your certified products.
