
Class No: 2781-02 - CAMPING EQUIPMENT (GAS)-Portable Heater
Class No: 2781-82 - CAMPING EQUIPMENT (GAS)-Portable Heater – Certified to US Standards

Who is affected?
Manufacturers of Portable Type Gas Camp Heaters

What do you do?

1. Contact CSA engineering staff for information concerning the changes and how they apply to you
2. Complete the attached CSA application for re-evaluation of your products if you decide to proceed
3. Return the application no later than 90 days prior to the effective date to your CSA engineer with appropriate supporting documentation* and manual gas valve samples if needed.

*Technical information as well as company name, address, factory locations and CSA file number or master contract number (if assigned) when applying.

Need additional technical information?
Contact John Gorman
by phone (216) 524-4990, fax (216) 642-3081 or e-mail john.gorman@csa-international.org

Approvals:

- American National Standards Institute, Inc.: March 27, 2003
- Inter-provincial Gas Advisory Council (IGAC): August 25, 2003
- Identical to the coverage from the yellow review and comment text dated May and November 2001, distributed during that period.

Major Revisions:

1. Add a torque test for manually operated gas valves to provide a measurable value and test methodology to confirm that the appliance can be easily shut-off (1.8.10);
2. Remove hose length specifications as they are already specified within the standard for such assemblies, UL 569 (1.10);
3. Replace boxed warning label specifications with reference to the Standard for Product Safety Signs and Labels, ANSI Z535.4 (1.14.4); and
4. Add definitions for “Equilibrium” and “Extinguishment” (2.4 and Part IV).

In the event your models do not comply with the effective standards, arrangements must be made to bring them into compliance.

In the event we do not receive a response as to your currently certified models, prior to the above applicable effective date(s), the certification of such models will be discontinued.
