Class No: 3101 01, FLOOR BUFFERS (GAS)

2. The information outlined in this Certification Notice does impact the product designs covered in your affected Certification Report(s).
3. You must ensure that the CSA Mark is removed from products manufactured after the effective date of July 1, 2019.

4. If you would like to arrange for early termination of your certification, please contact our Client Services Center at 1-866-797-4272. Please supply appropriate supporting documentation*.

* *Company name, address, factory locations and CSA file number or master contract number.*

Background and Rationale:

Initially released on January 7, 1992; The Canadian Gas Association Certification Requirement 92-001 was drafted at the request of industry to establish interim certification requirements for propane fueled floor maintenance machines. These interim requirements were drafted with the understanding that should they not be incorporated into a standard within five (5) years, they may be withdrawn and all existing certifications cancelled.
