

CERTIFICATION Notice

An Urgent Bulletin from CSA Group

Household Cooking Ranges No. 13A

(Supersedes Notice Household Cooking Ranges No. 13, Ref. N18-024)

Effective Date: September 30, 2021

Date: April 23, 2019

Apply Before March 30, 2021

Announcing: Publication of Revisions to Standard UL 858 (16th Edition), Household Electric Ranges

Class No: 2831 81, HEATERS - Household Cooking Ranges and Units Certified to US Standards

Who is affected?

Manufacturers of household electric cooking ranges and electric cooktops, with induction heating features.

What do you do?

1. CSA Group Service Delivery staff will contact you to address compliance with each revision as applicable to the product designs covered in your affected Certification Reports. In addition to updates to your Certificate(s) of Compliance & Report(s), testing may be required to comply with these revisions.
2. Please respond within thirty (30) days of receiving CSA Group's "Application for CSA Certification Services" and "Quotation" communication. You must respond no later than March 30, 2021 in order to guarantee the update to your certification is completed by September 30, 2021. If testing is needed, we will inform you of the samples required.

Approvals:

New and currently certified household, electric cooking ranges and electric cooktops, with induction heating features are required to comply with the applicable new and revised requirements published February 8, 2017 for Standard UL 858 (16th Edition) prior to the effective date.

Major Revisions:

See Attachment 1.

Background and Rationale:

In Notice – Household Cooking Ranges No. 13, the original effective date was September 1, 2020. However, in the time since this Notice was issued, manufacturers are requiring additional time to redesign their products. At the request of industry, CSA will extend the effective date from September 1, 2020 to September 30, 2021.

For questions specific to your file or products contact your CSA Group technical staff associate.

Go to <https://www.csagroup.org/testing-certification/product-listing/> and enter your Master Contract # and the class numbers associated with this Notice to determine which of your products are affected.

For technical questions on this Certification Notice

or e-mail don.lee@csagroup.org

The standard edition or amendments announced in this Notice may be used for certification as of the date of issue of this Notice. The "Effective date" in this Notice is the date on which the current requirements, applicable to Certified products listed in the affected class numbers, expire and the standard edition or amendments announced in this Notice become the only requirements that may be used for certification.

In the event that currently certified products do not comply with the latest requirements outlined in this Notice after the "effective date", the certification of such models may be discontinued.
