

# CERTIFICATION Informs

An Urgent Bulletin from CSA Group

Ref No: I16-090

Wiring Devices No. 112

Date: August 9, 2016

New Service available as of today

Apply any time to have your products evaluated

Announcing: Publication of CSA Standard C22.2 No. 298-16, High Voltage Couplers

Class No: 6233 07, RECEPTACLES - Multi-pole Splicing Wire Connectors

To purchase the Standard, visit us at [www.shop.csa.ca](http://www.shop.csa.ca)

## Who is affected?

Manufacturers of high voltage couplers.

## What do you do?

1. This publication provides for new certification services that do not affect your currently certified product designs.
2. Please contact CSA technical staff if you have questions or need information concerning this publication and how it applies to you.
3. If you would like to take advantage of the new certification services, initiate a certification project by contacting our Client Services Centre at 1-866-797-4272. Please supply appropriate supporting documentation\* and we will inform you of the samples required.

\*which includes technical information, company name, address, factory locations and CSA file number or master contract number (if assigned), and any other relevant documentation.

## Introduction:

This announces the publication of CSA C22.2 No. 298-16 High voltage couplers. This standard applies to locking-type, single and multi-pole, pin and sleeve plugs, receptacles, inlets and connectors rated up to 1200A and 750V to 35KV. The intended applications include, but are not limited to mining, ship to shore, drilling and general industrial.

## Background and Rationale:

At the request of industry this standard was developed to provide safety requirements for high voltage couplers.

For questions specific to your file or products contact your CSA Group technical staff associate.

Go to <http://www.csagroup.org/services/testing-and-certification/certified-product-listing/> and enter your Master Contract # and the class numbers associated with this Informs to view your certified products.
