

CERTIFICATION Informs

An Urgent Bulletin from CSA Group

Ref No: I21-138

Wiring Devices No. 158

Date: November 30, 2021

Existing Certification not affected

Apply any time to have your products evaluated

Announcing: Publication of Update No. 5 to CSA Standard C22.2 No. 42-10

Class No: 6233 01, RECEPTACLES - Attachment Plug Type and Plugs

To purchase the Standard, visit us at store.csagroup.org

Who is affected?

Manufacturers of general use receptacles, attachment plugs, and similar wiring devices.

What do you do?

1. This publication outlines certification revisions that do not affect your currently certified product designs.
2. Please contact CSA technical staff if you have questions or need information concerning this publication and how it applies to you.
3. If you would like to arrange for an evaluation of new products to the revisions, initiate a certification project by contacting our Client Services Centre at 1-866-797-4272. Please supply appropriate supporting documentation*. If testing is needed, we will inform you of the samples required.

*which includes technical information, company name, address, factory locations and CSA file number or master contract number (if assigned), and any other relevant documentation.

Introduction:

This informs announces update No. 5 to CSA Standard C22.2 No. 42 General use receptacles, attachment plugs, and similar wiring devices.

This is the seventh edition of the standard which supersedes the previous editions, published in 1999, 1984, 1979, 1959, 1942, and 1937. CSA Standard C22.2 NO 42-10 now includes updates 1 through 5.

Background and Rationale:

Update No. 5 includes mostly editorial changes and some technical updates. The standard now clarifies intended maximum ambient temperature usage (50C); adds a new reference to CSA standard C22.2 No. 269.3 for surge products; and makes minor marking changes.

Customers holding certifications of General use receptacles, attachment plugs, and similar wiring devices are not required to resubmit for continued certification. Manufacture wishing to take advantage of the changes may make an application at any time.

For questions specific to your file or products contact your CSA Group technical staff associate.

Go to <https://www.csagroup.org/testing-certification/product-listing/> and enter your Master Contract # and the class numbers associated with this Informs to view your certified products.
