To purchase the Standard, visit us at [www.shop.csa.ca](http://www.shop.csa.ca)

**Who is affected?**

Manufacturers of Electrical quick connect terminals.

**What do you do?**

1. This publication outlines certification revisions that do not affect your currently certified product designs.
2. Please contact CSA technical staff if you have questions or need information concerning this publication and how it applies to you.
3. If you would like to arrange for an evaluation of new products to the revisions, initiate a certification project by contacting our Client Services Centre at 1-866-797-4272. Please supply appropriate supporting documentation\*. If testing is needed, we will inform you of the samples required.

\*which includes technical information, company name, address, factory locations and CSA file number or master contract number (if assigned), and any other relevant documentation.

**Introduction:**

This announces the publication of the standard CSA C22.2 No. 153-14, Third Edition / UL310, Ninth Edition, Electrical Quick-Connect Terminals. This edition supersedes the previous edition published in May 27, 2009.

**Major Revisions:**

Revisions include editorial changes, expansion of scope to include minimum size conductors 24 and 26AWG, and clarification of temperature and current cycling tests when two conductors are crimped in the same connector. Currently certified electrical quick-connect terminals are not required to reapply.

For questions specific to your file or products contact your CSA Group technical staff associate.

Go to <http://www.csagroup.org/us/en/services/testing-and-certification/certified-product-listing> and enter your Master Contract # and the class numbers associated with this Informs to view your certified products.
